

Vision 2013-14

We exist to actively support the churches
of the North East of Scotland in their
youth outreach through:

1. Vision;
2. Prayer;
3. Pioneering Action;
4. Encouragement;
5. Training and
6. Resourcing

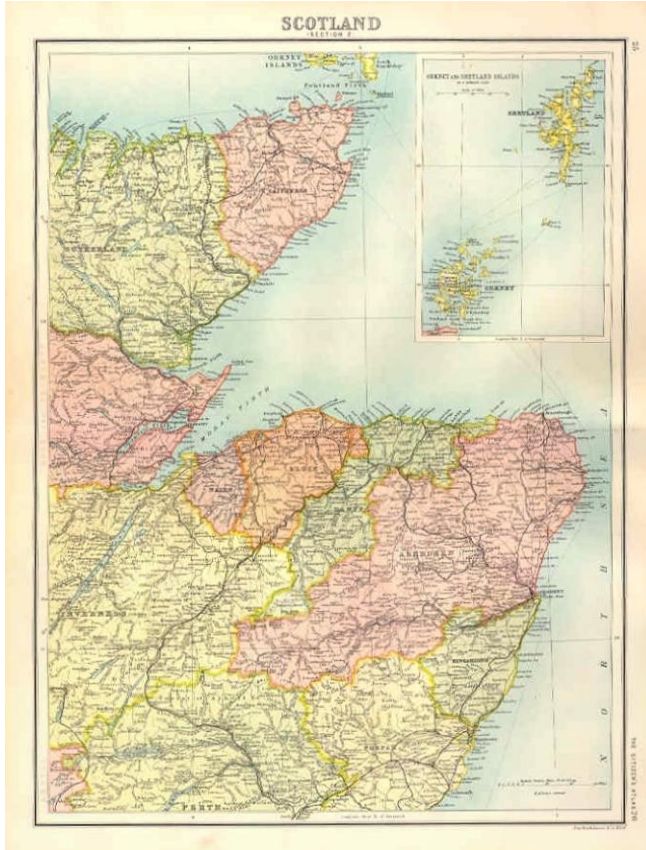

The Biblical Model: cities and villages

- Paul in Acts went from main town to main town evangelising and planting churches
- Jesus sent disciples into towns and villages two by two ahead of Himself

The reality in the North East of Scotland

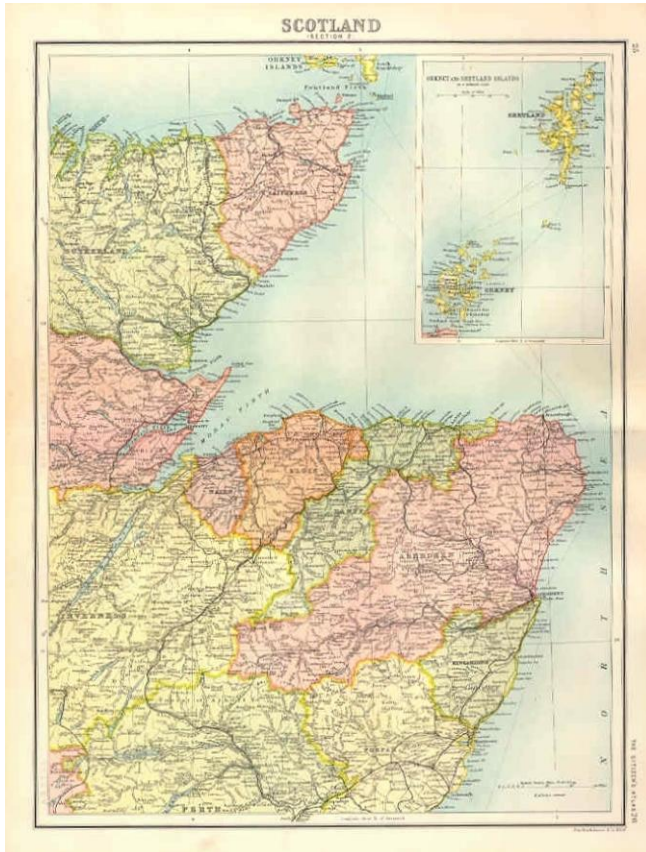

- Survey (partial):
- 37 % of churches have less than 10 young people
- 55 % feel the need of training in outreach
- 70 % need more people, resources and prayer
- 95 % would attend a local network hub
- 43.75% would host a mission team
- 43.75% would send a mission team
- 12.5% would do both

The Question:

- Could we share prayer, people and resources better in youth work in the North East of Scotland?

Our vision

- Youth Workers' Hubs:
 - Hubs of about 15 youth workers who come together locally every 3/6 months to pray and share resources and training
-
- Mission Week Experiences:
 - Young people from churches sent for a mission week somewhere in the North East of Scotland where they will be exposed to local mission and will grow in their own spiritual walk
